

RAACE

IT'S TIME TO TALK

Over 90% of child sexual abuse occurs by someone your child knows and trusts. That's why this exercise is so vital to our mission to prevent abuse in your family, your community and all over the World. But it all starts with you! Your child's Circle of Trust is comprised of those individuals who have access to your child both on a regular and part-time basis. By using this simple yet effective tool, you will be able to identify the Heroes within your circle who are willing to protect your child, and put any potential threats on notice.

WHO'S IN YOUR CIRCLE OF TRUST?

Race Against Abuse of Children Everywhere

STEP #1
First, commend yourself for taking this first, proactive step toward preventing child sexual abuse. Next, write the name of your child in the center of the wheel above.

STEP #2
Use the pie piece spaces to write in the names of those within your child's Circle of Trust. We've provided some examples in the outer ring around the wheel to help get you started.

STEP #3
Talk with each person listed in your circle, letting them know your family has educated yourselves about the statistics of child sexual abuse and prevention tips, and ask them to do the same. Your proactive

intervention will help create more RAACE Fans — a powerful team to fight the war against abuse. Together we can put an end to this silent epidemic. It all starts with you.
U have the power of prevention!
